# MUHAMMAD ABDULLAH ABID

**Electrical Engineering Undergraduate | Specialization in Computer Engineering**

Wah Cantt, Punjab, Pakistan • (+92) 315-5166853 • abdullahabid3e3@gmail.com • github.com/ABADUDE

## PROFESSIONAL SUMMARY

Analytical and driven Electrical Engineering student at FAST-NUCES with core competencies spanning embedded firmware development, digital logic design, and web engineering. Proven ability in microcontrollers (AVR, RISC-V, STM32,ESP32), hardware simulation, and full-stack front-end implementation.

## EDUCATION

**National University of Computer and Emerging Sciences (FAST-NUCES)** | Islamabad, Pakistan *Aug 2023 – Present*

**Bachelor of Science in Electrical Engineering** *(Relevant Focus: Digital Logic Design, Microprocessor Systems, Assembly & Computer Architecture)*

**FG Degree College for Men** | Wah Cantt, Pakistan *Apr 2021 – Apr 2023*

**Wise School and College** | Wah Cantt, Pakistan *Apr 2019 – Apr 2021*

## TECHNICAL SKILLS

- **Programming & Scripting:** C, C++, Python, JavaScript (ES6+), RISC-V Assembly, Linux Shell Scripting (Bash)
- **Hardware & Embedded Systems:** ATMEL AVR MCUs,ESP32, RISC-V Architecture, STM32,Verilog HDL, ModelSim, Proteus, LTspice
- **Engineering Software & Analysis:** MATLAB & Simulink, Digital Logic Design (DLD), Cisco Wireshark, Git / GitHub
- **Web & Software Development:** HTML5, CSS3, Modern JavaScript, Front-End UI Design, Object-Oriented Programming (OOP)
- **Productivity & Collaboration:** Microsoft Office Suite (Word, Excel, PowerPoint), Google Workspace

## KEY PROJECTS

**Microprocessor Interfacing & System Design** | FAST-NUCES

**https://github.com/users/ABADUDE/projects/2**

**Machine learning**

**https://github.com/users/ABADUDE/projects/8**

**Web Development Portfolio (Hotel Reservation & Mathematical Applications)**

**https://github.com/ABADUDE/Projects**

**STM 32 and Embedded systems** | FAST-NUCES

**https://github.com/users/ABADUDE/projects/7**

**ESP 32** | ESP 32 S3

**https://github.com/users/ABADUDE/projects/3**

## CERTIFICATIONS & TRAINING

- **Programming with JavaScript** – Coursera / Meta *(Jul 2025)* [Credential: coursera.org/share/44d487bff09597fb146aa29342a4f717]
- **Introduction to Front-End Development** – Coursera / Meta *(Completed)* [Credential: coursera.org/verify/BS4BEBMBUNNH]
